Resource of the Month:

[Engaging Students in Online and Hybrid Learning Environments](#)
by [Poll Everywhere](#)

This month's Resource of the Month focuses on ways you can engage your students online and in hybrid learning environments with a guide from Poll Everywhere, an interactive and dynamic polling platform. One of the neat features in Poll Everywhere is that you can create a **pinned Q&A activity, creating a "parking lot" for questions** that can be answered at an appropriate time in the lesson or when time permits. This ensures that no question goes unanswered and provides a channel for anonymous feedback where students can upvote or downvote each other's contributions without the pressure that comes with speaking up. This encourages interaction throughout your session as well as addressing

any questions your students might otherwise have not asked. Give it a try and let us know how it worked for your teaching session.

SOM Career and Professional Development Team is seeking Physician Mentors!

The Career and Professional Development team within the Office of Student Affairs is looking to recruit board certified physicians to mentor/advise our medical students about their specific specialty.

The SOM **Career and Professional Development** team is recruiting board-certified physicians to share their career experiences with students. There are four different ways this can be accomplished: Lunch and Learn Speaker, Career Advisor, Mentor, and/or Whole Person Doctor Series. If interested, please reach out to the Career and Professional Development team at MDCareer@tcu.edu

Upcoming Faculty Affairs and Development Sessions

Demonstration of the “New” TCU Office of Sponsored Programs Proposal Routing System

Facilitated by TCU Office of Research

October 7, 2020

2:00pm – 3:30pm

Via Zoom

No RSVP

The TCU Office of Research has been hard at work to devise a new electronic system for routing research proposals throughout the institution for approvals prior to submission to the sponsor. They are looking forward to obtaining your feedback regarding how to make the new system more user friendly.
